AMBIENT

A unique ambient soundscape generator. *AMBIENT* is capable of producing a vast array of ambient textures, from the bizarre to the beautiful. The module has already featured on professional recordings demonstrating a raw inspiration to the creative process.

AMBIENT processes any sound you care to load into it. The possibilities are endless.

Multi-effect standalone software module featuring:

- 🔊 Granular sampler with random pitch function
- 🔊 Amplitude envelope with a trigger speed control
- 🔊 Three pitch shift controls for adding extra layers to the sound
- 🔊 Tape delay
- 🔊 Multi-mode filter
- 🔊 Ambient reverb
- 🔊 MIDI learn
- 🔊 Preset save and recall
